- Travel money/ cards

For the plane

Whether it's a short haul or long haul flight, you'll want to remember these

- Hard sweets

- Kindle/book
- Flight socks
- Headphones
- Games console
- Water
- Magazines

Technology

- Travel adapter

Take an empty water bottle through security to refill in the airport!

Waterproof phone cases are great for beach holidays. You don't have to leave your phone in the room, or worry about it being stolen.

Clothing

Think about how you can mix and match the clothing you take. If you're taking a pair of shorts, think about a few different tops you can wear with them. This will make your packing lighter.

- Shorts
- Small bag
- Cardigan/jumper
- T-Shirts
- Swimming costume
- Evening wear
- Sundresses
- Sandals
- Underwear
- Jeans
- Gym wear
- Socks

Make sure you have a bag that stays very close to you so you're not a target for pickpockets, especially in busy destinations.

Weather

- Pocket raincoat
- Sunglasses
- Sun hat
- Sun cream

Even if you're expecting beautiful weather, make sure you have a fold down raincoat for any last minute forecast changes. If you take your own, you won't need to buy one of the overpriced colourful glorified bin bags.

Protecting yourself from sun damage is vital.
